WORK EXPERIENCE

Software Developer | Freelance   **Jan 2025 – Present**

Remote / Nairobi, Kenya

- Developed custom websites and mobile applications for clients across industries including finance, education, and healthcare.
- Delivered full-stack solutions using React, TypeScript, Django, Flutter, and MySQL tailored to client needs.
- Collaborated with clients to define project goals, ensuring timely, high-quality delivery with a focus on usability and scalability.
- Deployed applications on DigitalOcean, configuring server environments and handling CI/CD pipelines.

Back-End Developer Intern | MijiniTech Ltd   **Jun 2024 – Sep 2024**

Nairobi, Kenya

- Designed and implemented robust back-end systems and APIs using Node.js and Express, improving overall system performance.
- Collaborated with front-end developers to integrate user-facing elements with server-side logic.

ICT Attache | Communications Authority of Kenya   **Jun 2024 – Sep 2024**

Nairobi, Kenya

- Managed and maintained IT inventory, ensuring accurate record-keeping and accountability.
- Assisted in the setup and configuration of new hardware and software, ensuring readiness for use.

ICT Attache | HRMPEB   **May 2023 - Aug 2023**

Nairobi, Kenya

- Utilized WordPress for website maintenance and content updates, contributing to the seamless operation of online platforms
- Aided employees with hardware and software issues, troubleshooting problems, and offered solutions to technical challenges.

PROJECTS

LEEDSONS - Website

React, TypeScript, Chakra UI, Vite, GitHub Actions

Designed and developed a responsive website for a credit management agency to establish their digital presence, improve client on boarding, and boost trust with potential customers.

NurseShelf - Academic Resource Platform

Django, PostgreSQL, React, JWT, GitHub Actions, Docker, Vite

Developed a web platform for nursing students to access academic notes and revision resources. Implemented secure authentication, PDF uploads, and a payment system for accessing premium content.

TecTally - Asset Manager Mobile App

Flutter, Dart, PHP, MySQL

Built a cross-platform mobile app to streamline asset tracking and inventory management, reducing manual errors and improving operational efficiency for organizations.

Dynamic Blog Post Web Application

Laravel, Blade, MySQL, HTML5, CSS3, JavaScript

Created a full-stack blog application with user authentication, post creation/editing, and category tagging, demonstrating strong back-end logic and clean front-end templating.

VOLUNTEER ACTIVITIES

Pillars of Hope Children's Home | Daystar, Athi River   **2023**

Actively engaged in various charity activities, providing support and care to children in need. Assisted in organizing events and activities for the children, promoting their well-being and development.

Feed a Child Walk | Kisumu   **2018**

Participated in a 5 km charity walk aimed at raising funds and awareness to support child nutrition and welfare.
